

Observations and photographs

As part of our commitment to providing for the individual needs of your child we will observe all areas of development, and in partnership with you, record progress in those areas in order to plan appropriate activities within the nursery. These observations and records will be available for inspection by Ofsted (Office for Standards in Education), otherwise they will be confidential and available only to you and those nursery staff involved in planning the curriculum for your child.

Any photographs taken of your child by nursery staff may be used in nursery displays on the premises, and for publicity purposes of the nursery.

Please consider the above and return the completed permission slip to the Nursery Manager.

Name of Child _____ (please insert child's name)

I **do / do not** (delete one) give permission for nursery staff to observe my child as described above.
